

# Sottezza Originale LED

CONSERVATORY AWNINGS | UNDER-MOUNTED

Enjoy relaxing times under your patio roof – this is the promise that is kept by your Sottezza II. The decorative inside shading is elegant, sleek and understated – and suitable for almost every patio roof. This awning reduces the development of heat under the glass and provides for feel-good temperatures in the summer. In the cooler seasons, the warming solar rays are used to heat up your patio area while the internal fabric layer keeps the heat in. At the same time, the Sottezza II provides effective glare protection.

## Clever Sottezza Originale versions – Stretch and OptiStretch options:

With Sottezza II OptiStretch, the fabric is positioned securely in the side channel – like a zip, ensuring the fabric remains taut. The basic Sottezza II Stretch clamps the fabric firmly on two sides and minimises fabric sag.

## Specifications:

### Installation Under Glass

**Maximum Width:**

6m

**Maximum Projection:**

5m

Max. Fabric m<sup>2</sup>

Stretch | 24m<sup>2</sup> Opti | 30m<sup>2</sup>
