

Semina Life + LED

FOLDING ARM AWNING | FULL CASSETTE | DESIGN EXCELLENCE

Semina Life is a very versatile Full Cassette Awning combining a crisp stainless steel aesthetic with Weinor's cutting edge technology and German precision build quality. With an exceptional price-performance ratio, the Semina Life is a serious alternative to a semi-cassette. The elegant design will enhance residential or commercial architectural styles from modern to traditional.

Awarded Europe's prestigious Red Dot for design, innovation, excellence & build quality. The innovative styling's unique, modern cassette with aluminium rings create a visual highlight that enhances the combination of frame color + fabric design. Now evolved as a timeless design classic.

Features include Weinor's renowned Longlife Arm, highly functional cassette with muffled feed rollers that ensure maximum protection from the elements with almost no Awning wear. Options include integrated LED Lights, Valance Plus and integrated Tempura Quadra Heaters to extend outdoor living hours. Semina Life is Weinor's most stylish, cost effective and feature rich Awning.
